Dear Hal,

I thought you would enjoy your Biennial, Hal. Well, on Feltzer's "Assassination Science" and Teyman's "Bloody Treason."

Notice his ^{and} references to your photographic White-wash.

Well seems to me unfair to JFK and RFK.

I want the ~~truth~~ about who killed JFK - not a "political" ~~truth~~.

I once believed Hiss and Julius Rosenberg were "innocent".

Evidence convinced me otherwise.

The Lane / Freed Crowd and their Buwell "sprouts" like Teyman want a "political" ~~truth~~. "

There are open cases. As for Marina, I hate to agree with Redlich when he said Marina Ros died "repeatedly." Like Mary W.C.

I don't get The Alternation

Riv etc. to graphically

I invaluable The National

crazy stuff on internet. Not as
crazy as Jim Meier! Stay well,
